

# “Association of Quality Intermediary Organizations Fostering Mobility in Europe”

Project ref. №2016-1-BG01-KA202-023676

Co-funded by the  
Erasmus+ Programme  
of the European Union

## Newsletter No. 2

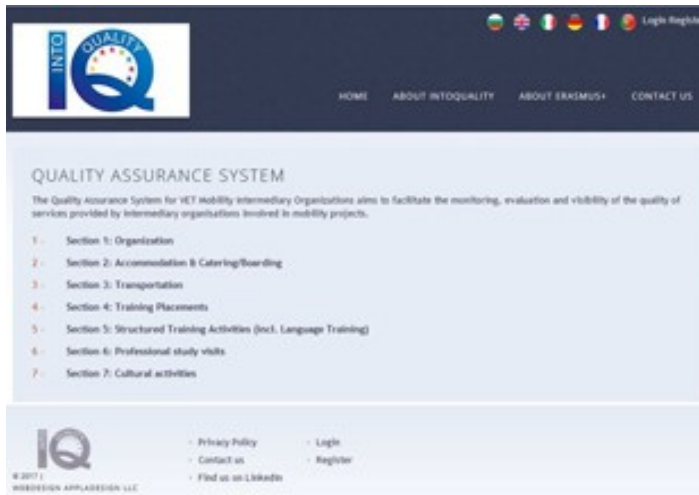

### Quality Assurance System test version launched

We have launched the test version of the **Quality Assurance System** targeted at intermediary organizations involved in EU mobilities.

This Quality Assurance System is developed within the frame of the Erasmus+ project “Association of Quality Intermediary Organizations Fostering Mobility in Europe - IntoQuality”. It aims to help intermediaries reflect upon and eventually improve planning, organization and implementation of mobilities.

The partnership has the pleasure to invite intermediary organizations facilitating mobilities in Europe to take part in the testing and evaluation of the Quality Assurance System by:

1. Conducting **self-evaluation of mobility services** according to IntoQuality criteria and indicators. Please click on the following link: <http://intoquality.eu/test/listall> (First you will need to register your organization)
2. Providing **feedback about the QAS** - answering a short follow-up questionnaire. Please click on the following link: <https://goo.gl/forms/7FKTpcLU2Qglt2nl1>

Participation in QAS testing and evaluation is confidential. The responses will only be used by the project consortium for QAS improvement. If you have any questions or difficulty in completing the self-evaluation or survey, please contact Carola Dierich from the German project partner Wisamar at: [carola.dierich@wisamar.de](mailto:carola.dierich@wisamar.de)

Intermediary organizations which complete self-evaluation and provide feedback will be offered **free membership in the Europe-wide Association of Quality Mobility Intermediary Organizations**, which is going to be founded in Brussels early next year.

You can find more information about the project and its progress on our website: [www.intoquality.eu](http://www.intoquality.eu)

Best regards,  
**The IntoQuality team**
